

INDUSTRYXPOSURE HANDBOOK

India's No.1 Internship Platform.
Building bridge between education & employment!
Top Industries + Top Industry Experts = Experience

Looking to start your career?
Get your first internship now.

No Experience? No Problem.

Breaking the “no experience, no job” cycle starts here. We believe talent deserves opportunity—not rejection.

At IndustryXposure, we provide real-world internships with hands-on learning from Day 1 and stipends starting from the first month. Our programs build practical skills, confidence, and career-ready experience.

Top performers also get the opportunity to secure full-time roles through Pre-Placement Offers (PPOs).

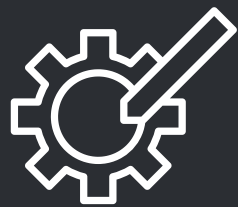

Launch your career the right way.

Bridging the Gap

We transform academic knowledge into real-world experience through hands-on internships, industry mentorship, and practical training—empowering students to become confident, job-ready professionals from day one.

The Problem

- Academic learning lacks real-world exposure.
- Graduates struggle to get jobs due to limited experience.
- Freshers and final-year students find it hard to secure the right internships.

- Train directly with professionals from global companies.
- Work on real-world projects with top organizations.
- Gain global industry exposure.
- Receive expert mentorship & certification.

Our Solution

Your Roadmap
